

# WARRANTY

**At DV Aluminium & PVC, we are proud to have been serving you since 2000 and we thank you for always having confidence in us.**

As a manufacturer and distributor specializing in windows and doors, we offer the most extensive variety of products on the market, selected amongst the best manufacturers in the Quebec industry in order to meet all your needs and tastes.

We have such confidence in our manufacturing partners, that we decided to offer our customers an unbeatable warranty, "DV Aluminium & PVC".

This warranty ensures that you will benefit from the best protection. This means that in addition to the manufacturer's warranty on your products, DV Aluminium & PVC adds a warranty of twenty-five (25) years on all the structural components of your windows and patio doors.

In this document, you will find all the information concerning the warranties offered on all products sold and installed by our team (products free of manufacturing defects at the time of delivery and installation). Please note that this warranty is non degressive and transferable once. Should you sell the building where our products were installed, all you need to do is present this document to the purchaser along with the original invoice.
